$7 \times 7,000 = 49,000 \text{ YRS.}$
The seven creative Days, or Epochs.
Bible students are today following a line
of thought according to which each of the
Creative Days represents a period of 7000
years. Seven times seven thousand years
would be 49,000 years, after which a Great Ju-
bilee Period is to be expected.

We are living in the Seventh Creative Epoch, or
Day—that began where the Sixth Day closed,
after God had created Adam in his own image
and likeness. — Genesis 1:26, 27.

It is claimed that, according to the Bible chron-
ology, six thousand years from Adam have already
passed. If so, the thousand years of Messiah’s
Reign, which is to close the great Seventh Epoch-
Day, is near at hand.

According to this beautiful theory, the work of
Messiah in His thousand-year Reign soon to begin
will complete the Creation. Not only will the race
be brought to human perfection, but incidentally
man will have obtained the needed experience in
respect to good and evil. Meantime, also, the Earth
will be gradually coming to a state of perfection
—Paradise restored world-wide. Both human per-
fec tion and the perfection of the Earth were
fittingly represented in Eden, when Adam was in
his Maker’s image—a King.
